Light Your Way

**8 Hour
Liquid Tealight™
Disposable
Fuel Cell**

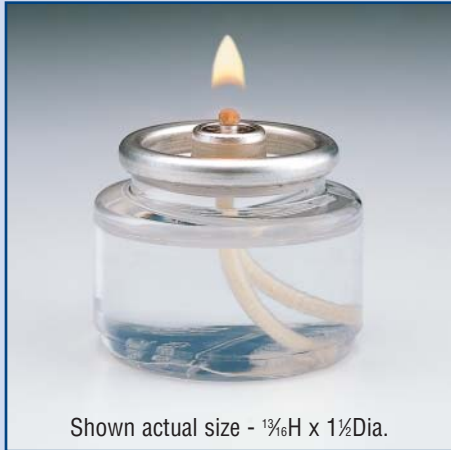

**12 Hour
Liquid Votive™
Disposable
Fuel Cell**

to a Better Choice!

8 Hour Liquid Tealight™ Disposable Fuel Cell.

HD8: The smallest fuel cell of its kind. The only fuel cell that fits anywhere a traditional tealight would be used...plus it will burn twice as long.

Shown actual size - 1 1/8"H x 1 1/2"Dia.

Both cells feature the following benefits:

- Ideal where table/lighting space is at a premium.
- No wax mess to clean up. Clean simple operation.
- Eliminates thermal shock breakage commonly associated with the use of solid wax candles.
- Non-flammable liquid fuel.
- Costs just pennies per hour to burn.

Two pack sizes available:

HD8-180: 180 cells / case
HD8-90: 90 cells / case

Hollowick's Liquid Tealight™

Fits anywhere a Tealight fits.
The smallest fuel cell available anywhere!
Burns 8 Hours. No Wax Mess!

12 Hour Liquid Votive™ Disposable Fuel Cell.

HD12: Two full nights of candlelight from a single votive sized cell. Designed to be used in most votive sized candle holders.

Shown actual size - 1 1/8"H x 1 3/8"Dia.

Two pack sizes available:

HD12-144: 144 cells / case
HD12-72: 72 cells / case
